

## What is CBD?

CBD is short for cannabidiol, it is the chemical compound found in the marijuana or hemp plants.

## What is Delta 8?

Delta-8 is a cannabinoid that is found only in very small quantities in the marijuana and hemp plants. Its effects are not as strong as its sister Delta 9 but it is still psychoactive.

## What is the endocannabinoid system?

The endocannabinoid system is a biological system composed of endocannabinoids. These are molecules in the body that help many different processes in the body.
